

Dear TLE families,

Throughout April, we will be helping you and your child spread kindness in your community through the Grace and Charity project. We encourage you to spend some quality time with your child while decorating our picture. Once complete, take us with you as you're out and about in your community. Be sure to capture photos of us and send them via email to your child's TLE center.

Our goal is to spread kindness in your child's classroom, and this month, your child will be helping us carry out lots of kind acts. You can continue the conversation about kindness at home by:

- Encouraging your child to greet friends and family in a kind way
- Donating toys and clothes you no longer use
- Reciting positive affirmations (i.e., "I am a good friend.")

Even the littlest of learners can help to spread kindness! Together with your infant, you can:

- Blow kisses
- Practice monthly sign language signs (i.e., Happy, kind, give, philanthropy)
- Read books about kindness

Thank you for helping us encourage kindness and spread awareness about Make-A-Wish™ throughout your community!

Sincerely,
Grace the Greyhound® and Charity Chihuahua®
